Dedicated Server Company Releases Largest Black Friday Hosting Deal to Date

Superb Internet is discounting all products from Shared Hosting and VPS (Virtual Private Servers) to Dedicated Server Hosting plans. On dedicated servers, they are slashing 95 percent off the first month's invoice with an additional 10 percent, 15 percent and 20 percent off selected servers.

Seattle, WA (PRWEB) November 23, 2012 -- This year Superb Internet, a high-end dedicated server company, will hold an unprecedented ten-day sale starting the Friday before Black Friday and continuing through Cyber Monday. Traditionally, online retailers rely on Cyber Monday following Black Friday after Thanksgiving to kick off the holiday shopping season, but Superb.net is taking it a step further with an extra week of hosting deals.

The international hosting company is discounting prices, doubling RAM and reducing start-up cost on all dedicated server inventory November 16 through 26.

Superb Internet expects 2013 to be a major year for dedicated servers and they are having the huge ten-day Black Friday/Cyber Monday sale to get ready for the heavy demand. All current inventory must go, according to Rich Norwood, Marketing Manager at Superb. "We're expecting 2013 to be a big year for hosting as international growth picks back up in emerging markets," he said. "Servers will go fast with these discounts." Norwood encouraged clients to get on chat with one of the knowledgeable associates at Superb prior to the sale to reserve the dedicated server that fits their needs.

Superb Internet is discounting all products from Shared Hosting and VPS (Virtual Private Servers) to Dedicated Server Hosting plans. On dedicated servers, they are slashing 95 percent off the first month's invoice with an additional 10 percent, 15 percent and 20 percent off selected servers.

RAM will be doubled on all Corporate and Enterprise dedicated servers at prices all businesses, small and large, can afford. Discounts are available on: Pentium 4 2.66GHz, Pentium 4 3.0GHz, Dual Xeon 3.06GHz, Intel Core i5 3570 3.4Ghz, Intel Core i7 2600 3.4Ghz, HP DL140 G3 Dual Xeon 5160 3.0Ghz, Conroe E4600 2.4Ghz and E6600, Dual Xeon E5620 2.4Ghz, Dual E5 2620 2.0Ghz.

Superb Internet's extended ten-day Black Friday through Cyber Monday sale represents Superb's largest discounts to date, according to Norwood.
