

FOR IMMEDIATE RELEASE

February 1 2004 - Superb Internet Unveils New Dedicated Services Wizard

Washington, DC – February 1, 2004

[Superb Internet Corporation](http://www.superb.net) (www.superb.net), a world leading provider of award-winning, affordable managed dedicated server solutions and web hosting services, is pleased to announce that it has completely revamped its' dedicated server wizard which will enable clients to custom-build and order dedicated servers in one easy step.

According to Haralds Jass, President & CEO, "The versatility yet simplicity of our new dedicated server ordering & configuring system makes it easy for anyone, especially non-technical people to order our dedicated services. On the other hand, the highly customizable configuration capabilities allow extremely technically-demanding administrators and developers to order a wide range of configurations which will meet their unique custom server requirements."

Superb Internet provides an extensive array of fully customizable dedicated services which are located in two owned and operated, state-of-the-art data centers located in Washington, DC and McLean, Virginia, all connected to one of the most reliable and best connected networks in the industry, the national coast-to-coast hopone.net backbone, with well over 100 direct connections to national and international major backbones, ISPs, cable/DSL providers, and other networks. Best of all, all Superb Internet services come with its industry-leading 100% network & service uptime and consistent optimal performance guarantee SLA, and Superb still offers its renowned Superb Complete Service – a worry-free, fully managed yet highly affordable service level, unique to Superb ever since its inception in 1996.

"We have always been committed providing affordable dedicated services which are one step ahead of the industry – true to our motto, "Ahead of the Rest"® -- while ensuring that the customer gets the right server for their exact, unique needs," states Curtis R. Curtis, VP Sales & Marketing. "Our focus is delivering the highest quality of fully-managed dedicated servers in the easiest possible way, which is why we are one of the only web hosting companies which provide month-to-month, no contracts dedicated service options. This, when combined with our unique Lease-to-own dedicated server program, delivers a value proposition that is unsurpassed in the marketplace."

About Superb Internet Corp.

Since 1996, Superb Internet has been consistently rated as one of the very best web hosts by all web host rating agencies, such as Web Hosting Magazine, in all areas, especially customer support and reseller services. Superb Internet provides a complete range of managed web hosting services, from virtual hosting through to high-volume, mission-critical dedicated service solutions. Superb's core focus is customer service, and continuous service improvement, as a part of its commitment to staying "**Ahead of the Rest.**"®

Superb Internet has offices and 24x7x365 operations in Washington, DC, McLean, Virginia, and Vancouver, BC, and serves customers in over 150 countries worldwide.
