

## **Superb Internet Partners with e-onlinedata to Deliver a Turnkey Reseller Hosting Solution that is 100% White Label**

*Collaboration will enable Superb Internet to offer e-onlinedata's 360° payment processing solutions within their White Label Reseller programs*

Honolulu, HI ([PRWEB](#)) January 14, 2012 -- Superb Internet, a leading dedicated server and web-hosting provider, announced its partnership today with e-onlinedata, a leader in online credit card processing. As a result of the partnership, Superb Internet can now offer a 360° payment processing solution alongside their White Label [Reseller Web Hosting](#) program, providing clients a turnkey web-based business product.

Resellers can be confident in Superb Internet for their customer service, reliable global network and industry leading 100% uptime guarantee. Now with a comprehensive white label program, reselling couldn't be easier. "We're excited to offer a web-based business solution, complete with online payment processing from e-onlinedata for our clients," says Haralds Jass, President and CEO of Superb Internet, on making the decision to partner with a processor. "We take pride in our high quality of service and delivery so it's crucial we choose partners like e-onlinedata. With best-in-class customer support and competitive rates we can feel confident we're staying 'Ahead of the Rest.'"

"e-onlinedata is pleased to work with Superb Internet to offer their clients a highly cost-effective and secure method of accepting payments," states Jim Raftice, President of e-onlinedata. "We understand the unique online payment environment and that success depends on reliable, complete transactions. With our solutions, Superb Internet resellers will be able to further enhance their online business with payment acceptance capabilities and increase their overall revenue stream."

With Superb Internet's Managed Billing platform integrated directly with e-onlinedata's 360° payment processing solution, resellers will be able to process payments via ACH and credit card allowing them to get paid quickly on services they sell whether it be hosting, website design or even dog walking.
